The DIMMER VIEW

Star-Spangled Banner Yet Waves

If the Kremlin has low opinion of our Democracy, it's not surprising.

What might have been fuel for their propaganda machines regarding decadent America almost came off in San Diego last week when the Russian cosmonauts were guests of the city.

As 50,000 fans knew — because they were there — Cosmonauts Konstantin Feoktistov and Georgi Beregovoy attended the football game at the stadium when Oakland trounced the Chargers 12 to 24.

The cosmonauts took applause they well deserved from their seats in the stadium's huge press section after they had eaten lunch in a private dining room on the first level — several levels below the Stadium club. The Stadium club is a private club which bans non-member citizens.

What few people knew is that word went out to some shocked waitresses in the first level private dining room where Feoktistov and Beregovoy were to be served, that the American flag was to be taken down in deference to the cosmonauts honored presence. That must have been the silliest order given to any employee since labor was invented.

Surely, the cosmonauts would have been among the last to want such a disgraceful display of fawning servility by a nation which had only recently planted an American flag on the surface of the moon in one of this nation's finest hours.

A hurried contact with Rear Admiral (USN-ret.) Leslie Gehres was reassuring. Not only is Gehres the epitome of patriotic determination in this County, he also leads the Republican support machine. Wheels, he indicated, would turn immediately to see that such an order — if given — were not implemented. It can be assumed that they are still scraping pieces of Gehres off the ceiling when he hit when he heard the report.

Contact with City Councilman Mike Schaeffer produced an equally volatile reaction. A conference call to the city manager produced additional assurance that the flag would still wave.

Schaeffer said later "we fired a city manager (Manager Bean) for things a lot less foolish than this."

The day the cosmonauts appeared at the stadium, a worship service by the Rev. Thomas F. Warner of the Lemon Grove Methodist church touched on the subject. He, too, had been apprised of the flag order.

He devoted part of his sermon to the stupidity of the flag removal order and spoke a bit on the importance of love and respect for one's country.

Heads could be seen bobbing in approval of his strong, patriotic thoughts.

One member of the congregation couldn't stand it. He interrupted the service to deliver an impromptu talk on the meaning of patriotism and the meaning of the flag. The congregation applauded him. All this was as unusual as it was unplanned. But it showed that churchgoers fully understand the relation of freedom of worship to love for the flag, country and democracy.

It also proved reassuring that the city government would react with dispatch to some poor, stupid soul's order to subordinate the flag for the Russian visitors.

We suspect that the heroic cosmonauts would have been horribly embarrassed if the flag had been removed for their benefit.

The Kremlin looks for signs of weakness such as this. If the flag in the Stadium club's super-secret dining room could be forced down, would the Kremlin have followed later with a demand that our next lunar exploit be for the purpose of removing our flag from the moon's surface?

To the everlasting credit of those who rose to the occasion as the information was disseminated should be the fact that when Messrs. Feoktistov and Beregovoy were enjoying the city's hospitality at the stadium luncheon, the star-spangled banner did wave!

Arena — Bargain For the People

There is an outside chance that the public will have a larger investment in local sports facilities than it now has — even though the present investment is sizable.

Already owner of the \$28 million stadium, it is possible that citizens may become landlords of the San Diego Arena.

The Supervisors decided to make a study of the acquisition after Sports Arena owner Bob Breitbard registered a squawk that most of us have in common — too high taxes.

Breitbard's willingness to negotiate the sale of the facility is incurred by his need for tax relief. He didn't say what his tax bite is, but he claims that private enterprise cannot operate at a profit there due to the burden.

Breitbard, who has spent all of his 50 years in San Diego and most of these years in sports, worries that his Arena may have to be converted to something other than sports events in order to make it yield enough to meet his obligations. If he should die or if he were forced to sell the property, there is a likelihood the new owners would be forced to make it into a high-volume discount store, or something that could operate seven days and nights a week, he said.

There is a rationale for the citizens buying the property via the Supervisors. First, the Joint Powers Ad Hoc Committee formed for the purpose of studying the feasibility of public ownership has turned in an affirmative report. The Committee says buy.

Secondly, City-County co-operated in the putting together of the stadium. While the San Diego City electorate voted the money to build the stadium, the county put in some of the road with county tax money.

The Arena, like the stadium, helps the economy of the entire county. The City-County Convention Bureau, a going concern for attracting visitors here to spend money, is an extension of this philosophy.

The Arena has played to more than four million people during the three years of its operation — and the convention business hasn't really been tapped yet by the Arena people. It would be unfortunate if Breitbard were forced to sell it to interests who would use it for other than entertainment facility — a warehouse, for example. Or if Breitbard himself was forced to use it for a business-commercial venture not aligned with the entertainment field.

Breitbard apparently has no ulterior motives in his willingness to negotiate. He wants to make a profit and there's nothing wicked in the profit motive in this country.

Important to the people is that it would insure continu-

Valley Salutes Vets With Parade

Spring Valley's 2nd annual Veterans Day parade is scheduled Sunday at 1:30 p.m.

At least 32 units, at last count, will march from La Presa Elementary School, on La Presa ave., to the Spring Valley Center on Jamacha rd.

Frank Wilson, general coordinator of the parade, was the source of the idea of the two-year-old march. Highlighting the units in the parade will be the two high school bands from Spring Valley, Mt. Miguel High and Monte Vista High.

Miguel's band was last year's area representative in the famed Rose Parade, while Monte Vista has been chosen to march next year.

Mrs. Mary Harter, chosen as Valley-Grove Woman of the Year for her cake-baking efforts for Marines overseas, will ride in the parade as grand marshal.

Also scheduled to participate are a pair of drill teams, one from Mt. Miguel's ROTC and a Marine unit from MCRD.

The American Legion will provide a color guard, while World War I Vets from Foothills Barracks 1774 and Woman's group No. 201 will participate.

A dog sled will be rigged up to carry a pair of wounded vets from San Diego Naval Hospital.

Three units from the Spring Valley Fire Dept. and one each from La Mesa and Lemon Grove will participate.

Fifteen cars from the Classic Thunderbird Club of San Diego will drive.

Beauty will be represented by Miss, Lemon Grove, Mayvin Myers, and Little Miss Spring Valley, Rhonda Ochs.

Los Toros Footballers and a marching unit will participate along with 50 members of the Spring Valley Bobby Sox league.

Boy Scout Troop 358, from Bible Baptist Church in Spring Valley will march. Lou Walker is scoutmaster.

Three baton soloists, including Lynn Schubert, Barbara Chandler and Karen Eyer will twirl. Miss Schubert is the winner of 18 trophies this year while Miss Chandler has coped 10.

Equestrian units and riders will dot the parade, with 10 horses and riders from NAS, Imperial Beach, Rodeo Assn. scheduled to ride.

Also scheduled are Luke Barbour and his palomino, Goldy; two feature riders, Diana Hadnott and Bonnie Jackson; seven members of the Trotting Troopers and two working western horses, ridden by Raymond Massey and Richard Sass.

The board members indicated they may attempt to get the law changed on specific plans, but did not indicate they would change the alignment event if they had the power.

Therefore, even if Peterson was successful in court to get a hearing, he might fail back at the board level.

The law gives the county the right to adopt specific plans, but only if the planning commission has previously approved the proposed plan.

County Counsel Bertram McLees said the law does not provide an appeal procedure as is usual with most zoning and planning matters.

The supervisors in November of 1968 adopted a contested route for College ave. south from Federal blvd. to the intersection of 69th st. and Mallard st.

The alignment selected passes close to the retirement home and is considered by the county engineering department to have superior alignment and safety features over the plan wanted by Hilltop

Chateau.

The board members indicated they may attempt to get the law changed on specific plans, but did not indicate they would change the alignment event if they had the power.

Incumbent, Schafer Elected

Incumbent Clifford Pennick and Art Schafer were elected Tuesday to the governing board of the Spring Valley Fire District.

Schafer led the vote-getters with 722. Pennick had 508, while challenger William Verbeck gathered 471.

A total of 905 persons voted in the election in the district, out of a possible 12,000 registered voters.

Parade Princess Chosen

A blond, brown-eyed junior at El Cajon Valley High School was crowned princess of the 1969 Mother Goose Parades, Saturday night, at the El Cajon Elks Lodge.

Perri Luper, 16, daughter of Mrs. Margorie Luper, of 1939 Melody Ln., El Cajon, was chosen from among 12 finalists in the contest to reign over the parade on Sunday, Nov. 23.

Perri followed the footsteps of an older sister, Alana, into the finals of the princess contest. Alana was a finalist last year.

Selected as maid of honor by judges Saturday was Pamela Fields, 15, a sophomore at El Capitan High School. She is the daughter of Mr. and Mrs. Wallace D. Fields, of 14940 Oak Creek rd., El Cajon.

Andrea Quartuccio, 16, a sophomore at El Capitan High School, was announced as the high point girl among the finalists for promotion of Mother Goose Parade Association memberships and other parade activities.

The accident occurred on State 94, 1 1/2 miles west of Honey Spring, rd. when he and his son Channing, Jr. were returning from a hunting trip.

The vehicle, a Jeep, driven by his son, hit a concrete wall when it went out of control at the entrance to the Daley Ranch. The youth was not injured.

Mason was pronounced dead on arrival at South Bay General hospital at 5:54 p.m.

Mason was a native San Diegoan. His father operated the feed store before him. He was active in the formation of the Trinity Presbyterian church in Spring Valley and he served

Local veterans clubs are urging all citizens to join them in what has been called "Operation Speak Out."

No specific observances are planned for Veteran's Day, Tuesday, but the clubs urge citizens to fly their flags during the week, Nov. 9-15.

"It is hoped . . . this will be a true community effort," said VFW Post 3787 Commander Jesse Uber.

Tax Bills Delivered; Penalty After Dec. 10

County tax bills, some 390,000 of them, were delivered to property owners Saturday. About 150,000 went to lending agencies and mortgage firms.

Many owners were in for a shock as assessed valuations continued to rise and were reflected in the current bills.

E. C. Williams, County Assessor, is charged with setting assessed values at 25 percent of the actual value.

Discrepancies, imagined or real, should be discussed with the Assessor's office.

James E. Jones, County Tax Collector, collects taxes in proportion to the County budget. The County budget is set by the Board of Supervisors.

He also collects for all cities in the county and all school districts. He also collects for most irrigation districts.

Jones said that homeowners exemption, which amounted to a \$70 refund last year, appears on this year's tax bill as a \$750 reduction in the total assessed valuation.

There are approximately 250 taxing agencies in the County, Williams' office said.

Payment is now due, Jones said. Bills are delinquent after Dec. 10.

203 Space Mobile Park OK'd Here

SAN DIEGO (CNA) — The County Planning Commission has approved a 203-space mobile home park on the east side of Sweetwater road, opposite Blossom lane and Mitchell street, in the Lemon Grove Zoning District.

The commission's action is final because there were no protests who could appeal to the Board of Supervisors.

A rezoning was not necessary because the land zone of R-2-A allows special use permits for mobile home parks.

The applicant was R. W. White of the Whico Construction Co. of San Diego.

The Lemon Grove School Board declared a holiday for itself — of a sort.

It cancelled all meetings for the rest of the year except two. One will be November 17 and the final one December 16.

The latter is unusual because it falls on Tuesday. This was done to avoid conflict with other school schedules.

Meetings are at 7:30 in the Education Center at Lincoln and Kempf streets.

The meetings will be held on a twice a month schedule after the first of the year, the Board said.

LIONS SALE — LaVern Graves, right, co-chairman of the local Lions Club Light Bulb Sale, hands over a stock of bulbs to Lemon Grove merchant Mrs. Louise Warren.

Dr. Jerry Legerton, a Lion, holds extra bulbs. The Lions are selling light bulbs with proceeds going to the Sight Clinic and the Youth Activities Fund.

LG Fire Report

The Lemon Grove Fire Department had a "light" week for Oct. 27-Nov. 3 with only three fire calls for the latter part of October.

Oct. 28, at 7:29 a.m., a fire in a trash can of a Lions Club container at 7909 Broadway, with no damage and undetermined.

Oct. 28 at 6:38 p.m., a small grass fire at 7805 Broadway, with no damage.

Oct. 29 at 12:08 p.m. a smoker "dropped" a lighted match in some dry grass at 7430 Beryl st., causing an area of 10 by 20 to burn. There was no damage.

LG Lions Sell Bulbs, Save Sight

The Lemon Grove Lions Club will conduct an all-out drive from November 8 to November 15 to sell electric light bulbs to residents, according to an announcement made by Club President Jerry Mathers.

Every cent of the proceeds will go to the Sight Clinic and the Youth Activities Fund.

The light bulbs will be sold in handy Project-Paks, each containing 4 - 100 watt, 2 - 75 watt, and 2 - 60 watt bulbs at the regular price of \$2. Every householder can use light bulbs and this drive affords an opportunity to get a good supply, while helping a most worthy cause.

The entire membership of the Lions Club has been organized to supply friends and neighbors with light bulbs delivered right to their door. Or you can purchase them from your local participating merchant where you see the Light Bulb Poster in his window.

Lions Clubs in other cities have had excellent results with their light-bulb sales, and Jerry Mathers has expressed his confidence in the anticipated success of this fund-raising campaign.

Baptists Schedule Conference

Forty Southern Baptist churches will participate in a World Missions Conference, November 16-23. This Conference will have five features that will serve to share information about preaching the gospel to every Nation.

To "kick off" the Conference, there will be a Total Missions Rally, Saturday evening, November 15 at the First Southern Baptist Church in San Diego.

At this Rally, Paul Box, former missionary to Malaysia and presently the west coast representative of the Foreign Mission Board of the Southern Baptist Convention will be the featured speaker. At this meeting, all the missionary personnel will be presented.

There will be twenty missionaries participating in these churches beginning Sunday morning, November 16 and going through the following Sunday evening of the 23rd.

Preceding the missionary address during the week, there will be Mission study in depth that will be related to the Middle East. These Mission studies will be offered to graded age groups.

Five brunches have been scheduled for the pastors, the missionaries and the mission leaders to meet at 10 a.m., November 17-21. Programs for these brunch meetings will feature a presentation on Stewardship by James Graves, Director of Stewardship for the Southern Baptist General Convention of California in Fresno.

During the week, all of the missionary personnel will

share their experiences of their work with their fellow missionaries. The schedule for these brunch meetings will be:

Band Parents Thank Citizens For Vote

Dear Editor:

We would like to thank all of our many friends in Lemon Grove for voting in favor of the Lemon Grove Junior High Band in the recent contest held by Southern California First National Bank. The \$500 prize will be a tremendous boost to our current fund raising drive which we hope will result in new band uniforms in 1970.

The students have worked very hard over the past ten years to raise the considerable sum required to purchase new uniforms, and your votes have moved us much closer to our goal.

Thank you again. The Students and Parents of Lemon Grove Music Parents Club. Karen Thomson, Secretary

The needy family chairwoman, Mrs. Dorothy Harless, reports two families of 13 people received 120 cans of food with \$11.50 in cash spent for other food.

Clothing from the shop also was donated to needy families. A family in distress was aided with a utility bill. One pair of crutches is loaned out from our sick room supplies.

Plans are in the making for a Fashion Show coming up in the early spring.

The next general meeting will be held Tuesday, Nov. 18 at 9:30 a.m. at the shop. Mrs. Duncan will conduct it.

Always and Everywhere

Let no one imagine that it is a strained and unnatural thing for one to pray. The contrary is much closer to the fact. It is far more unnatural for one not to pray. Prayer is one of the most natural of human instincts. Prayer is man's response to the divine will.

Coming with a style of music which is refreshingly contemporary, these recording artists promise a different musical experience. Over the last ten years they have sung their way into the hearts and homes of thousands of young people and adults.

Their two albums, "The Gospel Folk Sing" and "Walking in This World" along with their song book correlated to the latter, have received the coveted Gospel Special Merit Pick awards from Billboard, the international music-record weekly magazine.

The group is managed by Chuck Rogers, who sings first tenor and plays the banjo. Lynn Nordeen, the second tenor, plays the six and twelve string guitars, and does much of the arranging and writing of music for the group.

John Tillman, the baritone, is the most recent addition to the Swordsman, and he adds the rhythmic accompaniment with the tambourine. Joe Byrne, a resident of San Diego, plays the bass and sings bass.

'Thanks-for-Giving'

Goodwill Industries of San Diego County has set November as the "Thanks-for-Giving" month. The local observance is a part of a nationwide thank-you for public support, and the message will be delivered through all public media.

"Without the assistance of the people of this community," he said, "many of our workers might not need a day of rest from their labors, because they would have no jobs. They might not have a turkey dinner, because they would have no salary to spend."

Contributions of usable clothing and household articles to Goodwill Industries have provided material benefits for the handicapped, such as job training, rehabilitation programs, jobs and income.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

"Intercepcion" has become a very unpopular word to most Spanish speakers. The vast majority of Mexican merchants, commuters across the border from both sides, and "turistas" look upon "Intercepcion" as a deterrent to the flow of illegal drugs, but more effective as a deterrent to the proper and healthy flow of commerce. Many citizens on both sides of the border see "Intercepcion" as a catastrophic affront to good Inter-American relations. Much "confianza" (confidence) and goodwill have been destroyed.

True, some "accion" (action) had to be taken. "Contrabando" must be stopped. However, it seems a little unfair that ninety-nine-plus percent of the public, Mexican and U.S. alike don't participate in "contrabando" must undergo the extensive search while crossing the border just for the sake of discouraging the "contrabandistas."

"Logico" (logic) should offer another solution. Some method must be developed to provide advanced detection devices capable of advising officers electronically which vehicles contain "contrabando."

Technological advances will, in the future, provide such devices. Until this happens, our border relations will suffer. Meanwhile very few "contrabandistas" will dare to make a border crossing with the knowledge that each car will be checked.

Even as important: much

goodwill and hospitality have been reduced severely and many important friendships have been severed with our Spanish-speaking friends. Not even a new game like "Co-op-eration" can change that.

These are practice phrases that may be heard when you dial 276-2762.

IMPORTANT PHRASES:

Say "Es logico?" (ehs LOH-he-koh) for "Is it logical?"

Say "Yo creo que no." (yoh KREH-oh keh noh) for "I think not."

USEFUL PHRASES:

Say "Es un problema." (ehs oon proh-BLEHM-mah) for "It is a problem."

Say "Seguro." (seh-GOO-roh) for "For sure."

Some personal notes after 10 years study and teaching Basic Economics and the Henry George Philosophy — GOD & GEORGE BY GERARD

Free Enterprise — Capitalism. What we are for More Freedom. Moses, Book 3:25-23 "The land shall not be sold for ever; for the land is mine; for ye are strangers and sojourners with me."

George — "Progress and Poverty," Book VIII, Chapter 2, page 405:— How Equal Rights May Be Assured—

"Nor to take rent for public uses is it necessary that the State should assume the chances of favoritism, collusion, and corruption this might involve. It is not necessary that any new machinery should be created. The machinery already exists. Instead of extending it, all we have to do is to simplify and reduce it. By leaving to land owners a percentage of rent which would probably be much less than the cost and loss involved in attempting to rent lands through State agency, and by making use of this existing machinery, we may without jar or shock, assert the common right to land by taking rent for public uses."

Gerard — "Rent" is any personal income not due to wages or capital investment.

Note: Classical factors of production are labor, capital, and land.

A. Labor is paid wages for personal skill, talent, and work.

B. Capital is paid interest for buildings, machinery, inventories, etc.

C. Land (Owners) is paid rent—economic value of land owned.

Gerard — George Government Income Plan — Using a personal income tax to be collected by the Federal Internal Revenue:

Income from "C", reported separately, to be taxed leaving a percentage as recommended by George.

Income from "A" and "B" shall be taxed at reduced rates as tax on "C" is realized, and collected to eliminate all other taxes. Federal Revenue-sharing with state and local governments will be used to reduce or eliminate need for taxes at these levels.

Note: The only "Expense" on "C" will be the return necessary as an incentive for capital investment for ownership of land which is permitted to retain a percentage of the "rent" for the economic value of the land. The total investment will be the capitalized income permitted to be retained as an incentive for management, competition, research, and development for service to individuals, the community, state, nation, and the whole wide world of humanity under God.

Until federally collected and shared public income is adequate for all public needs, we must strengthen and improve local and state tax systems, and assure honest use of public funds always.

SDS Frosh Schedule, Prospects Announced

A tough 22-game freshman schedule, and possibly the talent to handle it has been announced by San Diego State College coach Bart Hare.

The Aztec coaching staff has been canvassing the state in search of good freshman talent and it would appear they looked in the right places. So far, six top-flight cagers have been signed up and there's still some dickering with another two.

Two of the hottest prospects come from Los Angeles where they were teammates at Palisades High School. Ken Baker and Chris Marlowe are the twosome that guided the Dolphins to the city title.

Baker comes to the Mesa with more honors than any prospective Aztec in many years. Among others, Ken was All-American League, All-City, All-Bay Area and All-City Tournament. In addition, he was named the city tourney's "Beat Defensive Player" and

Chargers Try Chiefs Sunday

Striving to put the charge back into the Chargers, San Diego journeys to Kansas City this week.

The Chargers (4-4) tangle with the powerhouse Kansas City Chiefs (7-1) at Municipal Stadium Sunday in a sellout game to be televised nationally by NBC (KOGO-10) and broadcast by KDOE and the Charger network starting at 1 p.m. (PST).

Against an enemy which has surrendered only 85 points in eight games, San Diego would appear to be picking a bad spot to revitalize an offense which reached point blank last Sunday. The Chiefs victors of 13 of 14 games in 1969, beat the Chargers, 27-9, in the AFL opener at San Diego and have won nine in a row at home.

But revitalize the Chargers must, and the prospect of the return of injured receivers Gary Garrison and Richard Trapp lends some hope. With Garrison, Trapp and Jacques MacKinnon sidelined, San Diego was white-washed by the Broncos, 13-0, at snow-white Denver.

As an appropriate end to a bad day, the plane carrying the Chargers home from Denver was forced to land at nearby Miramar Naval Air Station because of "zero-zero" visibility over San Diego.

The shutout was the first for the Chargers since 1961 and ended a league-record string of 105 scoring games. San Diego also set negative club records for net total offense with 70 yards and net passing offense with 20 yards.

Another record was the 10 punts by Dennis Pardee, who had an excellent average of 48.6.

his own squad's "Most Inspirational".

Ken has good height (6-5) plus he weighs 190 which gives him some power to maneuver effectively. Add to this an 18.8 points-per-game scoring average and SDSC has a real catch.

Baker's running mate, Marlowe, has statistics of 63 and 188 pounds. Chris compiled the same honors as Baker right down to joining him as a starter on the All-City squad which topped the rival All-CIF five.

Marlowe will be of double value to the Aztecs as he is also an outstanding volleyball player. In fact, he's been ranked as one of the best high school volleyball players in the nation.

The Aztecs have also gone into the San Francisco region for talent and have come away with Jeff Pete from Bishop O'Dowd High School.

Pete, 6-4 and 195, was Player of the Year in his region thanks mainly to his hustle and a 21.1 scoring average and 12 rebounds a game. He was tabbed All-North Coast and second team All-State by California Prep Basketball Magazine to cap a fine senior season. Additionally, he was named to the All-East Bay team by the Bay Area Sports-writers Association.

While at Bishop O'Dowd, he was a two-time unanimous first-time Catholic Athletic League choice.

Besides these three, the Aztecs have lined up Bob Mannschreck from Pasadena High. Mannschreck goes 6-8 and is tough on defense.

Swim Lessons Set

Pools at Kearny Mesa, Memorial Junior High, Valencia Park and Colina Del Sol Recreation Center are offering the classes for the price of pool admission. They are also open during these hours for recreational swimming.

Free lessons and free swimming are available on Saturday and Sunday mornings from 9 a.m.-noon. The pools are then open for swimming from noon to 6 p.m. at regular fees of 25 cents for 18 and under and 50 cents for older.

A competitive swimming program is under way at the Kearny Mesa pool located on Armstrong st. just off Artillery dr.

Loss Throws Loop Into 3-way Fight

Strange things happen on Halloween.

Take Friday night for example. Unbeaten and fourth in the county Mt. Miguel was risking its 4-0 league mark against also-ran Santana.

An easy romp for the Matadors, right? Wrong. Santana took a 20-6 lead into the locker-room at halftime and poured it on thereafter for a shocking 32-6 triumph.

The upset threw the league standings into a shambles. Mt. Miguel, instead of leading Grossmont by a full game with the Foothillers' showdown tomorrow night to decide all the marbles, now are thrown into a three-way tie.

Grossmont, the Matadors and rebounding Granite Hills all share 4-1 marks. And El Capitan and Santana are only a game behind with 3-2 records.

So, from a simple, two-team race, the championship stakes now involve five teams.

The Matadors started off in a fashion like they were going to chase Santana off the field.

Mike Mendes returned a punt 48 yards for a touchdown in the first quarter to give Miguel the early lead.

Santana perked up, however, and engineered a 66-yard drive culminating in a one-yard plunge by quarterback Kyle Hypes.

The conversion put Santana ahead, it turned out, to stay. Steve West, a halfback, caught a pair of TD passes from Hypes in the second period, for 10 and 62 yards.

West added another TD reception in the third quarter, running back a punt for 76 yards.

Jim Saska returned an interception 46 yards for six points to cap Sultan scoring.

The stingy Sultan defense held Miguel to 90 yards rushing, nearly all by Billy Joe Winchester.

Quarterback Tom Madigan could complete but two of nine passes for 36 yards while sub Bill Muir was none for four, with two interceptions.

So now, Miguel entertains powerful Grossmont tomorrow night and the Matadors can't afford to lose.

Grossmont has only Helix left on their schedule and is not likely to lose.

Similarly, co-leader Granite Hills will be heavy favorite in next week's contest with El Cajon, although they could

Rockets Shoot For Streaking Knicks

The San Diego Rockets will be aiming their sights on the rampaging New York Knicks Friday when the National Basketball Association's winningest club invades the San Diego Sports Arena for an 8 p.m. battle.

Tickets for the important contest are on sale at the Arena box office and at all Highlander Men's Stores and Metro Ticket Agencies throughout San Diego.

The Knicks, who had a 10-1 season record going into Monday's (Nov. 3) game at Milwaukee, list among their wins a 123-110 lacing of the Rockets already this term.

Each stocked with 5,000 pounds of catchable trout prior to their openings, Lakes Murray and Miramar will begin their fishing season on Nov. 5 and Nov. 11 respectively.

commented San Diego State head coach Don Coryell after the Aztecs 48-20 victory over Fresno State. But, now we're in the position of jumping from the frying pan into the fire."

The "fire" Coryell is referring to is this Saturday's game against the University of the Pacific at 8 p.m. in San Diego Stadium.

Both squads are unbeaten in PCAA play and the conference championship and a berth in the Pasadena Bowl on December 6 are at stake — to say nothing of each squad's current victory streaks. The Aztecs are undefeated in their last 17 starts while UOP has won its last six after dropping a tough 14-10 game to the University of Texas at El Paso.

Last Saturday, Coryell's squad won its sixth straight in the 1969 campaign with a 48-20 triumph over PCAA rival Fresno State.

State's All-America quarterback candidate, Dennis Shaw picked up 278 yards passing and three touchdowns. Shaw, who entered the game as the number ten passer in the nation, now has completed 101 of 179 passes for 1616 yards and 18 scores.

Monarch Runners Dominate Meet

In what turned out to be a preview of the county high-school cross-country championships, Monte Vista walked off with honors at the 27th running of the Aztec Invitational Saturday morning.

The Monarchs won the medium-large schools division with 44 points, and recorded the lowest overall team time of the day, 1:02:52.

Helix had a lower score in winning the large schools division, 27 points, but was second in overall time at 1:03:11.

Mt. Miguel was third in large schools with 61 points. Helix' Ed Mendoza won the

large-school race with 12:17.1 for the 2.3-mile course. He ran far ahead of his rivals, finishing a few hundred yards ahead of the runner-up.

El Capitan Lowers Boom on Monarchs

By SCOTT McGAUGH

The Monte Vista football squad extended its losing streak to four last week as the Monarchs had a 32-14 loss pinned on them by the El Capitan Vaqueros.

The Monarchs were still in the contest at the half, 13-6, as they were able to hold the highly-rated Vaquero fullback, Bill Fudge, to just 59 yards in the first two periods.

Fudge then exploded for 100 yards in the second half while Scott Foster picked up 138 in the game as the two combined for 298 rushing yards.

Gary Kane, Vaquero quarterback, hurried for 97 yards and two touchdowns.

The Monarchs, however, weren't completely dormant as Bob Martin and Dan Read had an excellent outing.

Martin picked up nine receptions for 128 yards in the game to become the league's top receiver with 17 receptions for 205 yards.

Quarterback Dan Read hit

on 14 of 32 yards in the game for a 179-yard passing total.

Read now leads the league with 505 passing yards with 38 completions and a 49% completion percentage.

The Monarchs will take on luckless El Cajon tonight in the annual Monte Vista Homecoming game at 8 p.m. at Monte Vista.

The Monarchs, 1-4 will take on the Braves who are coming off a 21-6 loss to Grossmont and who currently own a 0-5 record.

In water polo, the Monarch squad dropped to second place last week as Vista slipped by Monte Vista, 8-6.

Vista, 7-0 in league play, is in first place in the County league.

The Monarchs then rebounded to deal University an 8-4 setback to give Monte Vista a 6-1 league record.

John Krattli and Phil Vander Pers were standouts for the Monarchs last week as Monte Vista is now 12-2 in overall play.

Monarch Senior Best Area Skater

Paige Rauch, a senior at Monte Vista, is currently the top ice skater in San Diego County.

In the annual San Diego Figure Skating Artistic Award Contest held Oct. 13, Paige came in second only to a girl from West Covina, which is up North.

The contest was held at the House of Ice, with 60 people participating in the event. There was a special event for non-test skaters, said Paige, and then various divisions for the competitive skaters, based on ability, Paige was in the senior division.

The competition was comprised of two parts, Paige said, the first part was figures, which accounted for 50 per cent of the score. The second part was free skating, where they were judged on style and content. Paige did a series of jumps and spins, she said.

The figures last a half-hour, each person doing four figures. Then, the free-style program had to last between 3:20 minutes and 3:30 minutes in which timing was also judged. In both events, said Paige, "I

came in one-tenth of a point behind the girl from West Covina.

"I have been skating competitively for about six years," said Paige. She spends approximately one and one-half hours before school and two or three hours in the afternoons practicing during weekdays. During summer she skates about six hours a day, she said.

John Swett, in his 13th annual report of the Superintendent of Public Instruction in 1963 wrote: "Our American system of free schools is based upon two fundamental principles: First: That it is the duty of a republican or representative government, as an act of self-preservation, to provide for the education of every child. Second: That the property of the States should be taxed to pay for that education."

Robert Berg, on the art faculty, San Diego State College, is best recognized as a painter, having exhibited widely and earning many awards.

He is also a sculptor and film maker, having done a documentary in France on the works of LeCorbusier in 1965.

Dr. Block will support the role of reality and Berg will represent the image as aspects of today's visual arts.

Symphony In Cash Crisis

A dire financial crisis which could signal the end of the San Diego Symphony Orchestra Association was outlined Wednesday at an emergency meeting of the association's Board of Directors.

Meeting at a breakfast session at the Vacation Village Hotel, the 45 board members present heard association president Robert J. Sullivan and treasurer William Thompson Stephens explain the need for \$100,000 in new revenue during the 1969-70.

Stephens said that amount is what is needed in addition to already budgeted income if the association is to fulfill its contractual agreement with the local Musicians' Union.

Heading the cast in the title role is Richard Martell, a young American tenor whose rise to popularity as a European matinee idol led to his sensational debut at the 1966 Bayreuth Festival.

Performances of this work in the original Dresden version will be conducted by Maestro Walter Herbert and will be sung in a new English translation by Mary Ellis Peltz. William Adams, the company's Associate Director will direct staging for "Tannhauser."

Stones Set to Roll In Arena Monday

On a whirlwind tour of the United States, their first in three years, the Rolling Stones are scheduled to stop in San Diego Nov. 10.

The English hard-rock group, led by Mick Jagger, combines hard blues sound with a commercial touch that has helped the group to popularity matched only by the Beatles.

Jagger sings the lyrics and is responsible for much of the Stones' bluesy sound, writing songs and adding a touch of harp where needed.

He's backed by his co-partner in writing, Keith Richard, the musical conscience of the band. Richard also plays lead guitar, ripping off blues riffs note-for-note from black bluesmen.

Mick Taylor, rhythm guitar, replaced Brian Jones last summer, before Jones' untimely death.

Jones was responsible for

much of what was exotic in the Stones' repertoire, tinkling the harpsichord in "Lady Jane", strumming the sitar in "Paint It Black" and playing slide guitar in "No Expectations". He also added harp and seemingly any other needed instrument.

Taylor's new role in the group is not yet clear, but he's a bluesman. He was with John Mayall before joining the Stones.

Bill Wyman on bass and Charlie Watts on drums complete the quintet. Both stay in the background but provide a steady musical core from which to build and improvise.

The concert, brought to San Diego by Bill Graham, is scheduled at the Sports Arena Monday night at 8:30.

Appearing with the Stones are Englishman Terry Reid, and blues acts B.B. King and the Ika and Tina Turner Revue.

Mother Goose Voice Is Teevee Character

Well-known television performer Bill Bailey will host three delayed telecasts of this year's Mother Goose Parade, it was announced.

The 23rd annual parade, to be held in El Cajon at 2 p.m. Sunday, November 23 for the first time will be broadcast over three San Diego television stations.

The parade will be telecast (color delayed) at 7:30 p.m. Thanksgiving night, November 27, over Channel 6. Repeat broadcasts are scheduled at 2 p.m., November 29, on Channel 10, and at approximately 3:30 p.m., November 30, over Channel 8 following the NFL Game of the Week. Channel 39 will handle video tape production for the hour-long telecasts.

OPENING SHOP — Henry Burkhardt, Oscar's in Lemon Grove manager, checks previous day's receipts while preparing to open restaurant for day's business. Burkhardt said that remodeling is planned for the eatery.

New Oscar's Manager Works Up Ladder

Henry Burkhardt, 33, new manager of Oscar's Restaurant in Lemon Grove, has worked himself up the ladder of the Oscar organization.

Burkhardt, in his fourth week as manager, began as a cook while attending college.

After he was through with studies, he asked the chain for more responsibility and was made assistant manager of the Chula Vista location in 1965. Now he's taken the next step.

As manager, he supervises the work of some 20 employees, and watches over the entire operation as if he was running his own business.

In effect, this is what he does. Oscar's (or Foodmaker,

the owners) rent him the building, while he handles the finances and takes his salary from the profit he can produce.

Future plans call for a remodeling job within a few months, a general face-lifting.

Burkhardt, a resident of Clairemont, is looking hard at Lemon Grove as a place to live, he says.

"I think a man has a responsibility to do as much as he can," he said, expressing interest in local service clubs and the Chamber of Commerce.

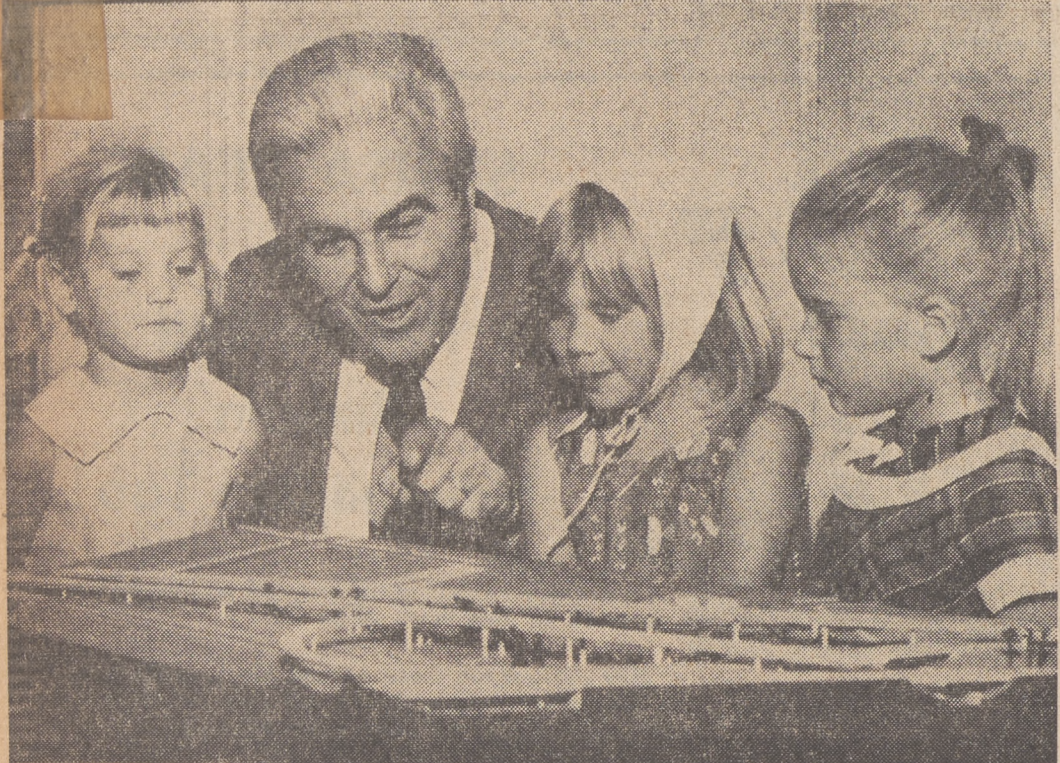

"I've always been active," he explained, "and now I feel it's time for me to step up to the community level."

Tots Keep Tabs On Freeway Construction

Kindergarten students at Highlands Elementary School in Spring Valley are quickly becoming freeway and highway construction experts. During a walk down the hill, while becoming familiar with the school community, the students observed the lengthening of the new freeway.

During their observation, many questions were asked and enthusiasm over the construction ran high.

Kindergarten teachers Janie

Ganderup, Dottie Trotter, Beverly Goss and Sue Borene quickly capitalized on the high interest and began a unit on highway construction.

Since then the students, under the direction of their teachers, have made several visits to observe the many changes taking place.

In addition, the classes had an engineer from the State Highway Department visit with them to explain the many facets of activity involved in freeway construction.

Alex Krookos, the engineer, brought with him maps, working blueprints, pictures of earthmoving equipment, core samples of different specimens of earth and samples of materials used in cement.

The students will continue to observe the progress of construction from time to time. From this they will become involved in both oral and written reports and study many related subjects.

Drs. Brumbaugh and Early at Science Meet

Two Lemon Grove doctors are serving as delegates to the Twenty-first Annual Scientific Assembly of the California Academy of General Practice at the Century Plaza Hotel in Los Angeles, this week. They are: Simon Brumbaugh, M.D., and Thomas R. Early, M.D., both associated with the L.G. Medical group.

Edwin N. Reithmayer, M.D., is the District Director of the Academy from San Diego.

Noted speakers will emphasize practical, everyday problems of medical practice. John T. Kimball, M.D., Cornell University Medical College; Buford Word, M.D., Medical College of Alabama; C. H. Hardin Branch, M.D., University of Utah; Martin M. Hoffman, M.D., Montreal; Sidney J. Sussman, M.D., Temple University; H. Hoyle Campbell, Toronto.

At least 12 species of mosquitoes are said to be resistant to DDT, and 34 kinds are unaffected by dieldrin.

Car Parts Become Art

Adorning the arts and crafts room at Monte Vista high school are a large metal galleon-type sailing ship and a distinctive fish — both the by-products of a remodeling job on the instructor's car.

The teacher, Vince Muzzo, has a 1965, 1960 Fiat which he has personally customized and air conditioned by removing the doors and roof. The resultant scrap metal was used to make the ship and fish in crafts class.

"It gets kind of cold in the winter," Muzzo admits about his breezy chariot, "but I leave the heater on all the time."

Muzzo sets no speed records in his four-cylinder, 22-horse power car. "I never go over 35 or 40 in it since I only drive it to and from school," he said. With no roof, the small vehicle works well for transporting crafts materials.

Sometimes the car's size is a drawback, though, Muzzo says. "One time my wife and I went to a party attended by some of Charger and San Diego State football players.

"When it came time to leave I started up the engine, shifted into reverse, but the car wouldn't move. The football players had picked up the car and were holding it."

The teacher said he overhauls the engine every summer to keep it running. Last summer he added a white paint job, gold carpeting and a flashy roll bar to the car, which now looks more like a "Muzzo" than a Fiat.

MV Offers New Course

A new humanities course is being offered to 36 gifted Monte Vista students.

Gunter Schultz and George Gray are the co-ordinators of the group.

The objectives of the humanities are to communicate and relate to man, to share and pursue ideas, and to live in harmony with man the universe, the co-ordinators said.

Persons in the class will also try to understand and deal with man's set of values. An understanding of aesthetic values and religion will also be topics for discussion.

Humanities also provides a situation for students to find out about themselves; who and what they are.

Many different fields of communication will be explored, including literature, music, religion, sculpture, painting, and philosophy. Which direction the course goes depends mainly on the students, the teachers said.

Highlights of the class thus far have included trips to a Van Gogh art exhibit in Los Angeles and to Balboa Park's Art Museum to study oriental paintings.

College Paper Ranked Tops

Southwestern College's student newspaper The Athapascan has won college journalism's highest award, the All American, for the fifth consecutive semester. It has been announced by the Associated Collegiate Press.

The superior rating by Associated Collegiate Press at the University of Minnesota is the product of judgement based on reading every edition of the college newspaper semester.

The ACP revised its usual point collection scoring this semester because "Too many papers have been awarded the All American rating simply by fulfilling the fundamentals of newspapering, without that extra spark of liveliness, imagination and appeal that distinguishes really top publications."

Thus all newspapers who received minimum points for the First Class (excellent) award of 3,200 points became eligible for the All American if they received four of five possible "Mark of Distinction" credits for unusually high quality and especially creative or distinctly lively, appealing work.

The spring editions of the Athapascan earned 3,600 points, 400 over the minimum for superiority, and the requisite four Marks of Distinction. Its only area without superior rating was in writing and editing.

Rules Listed For Hauling Motorcycles

The California Highway Patrol is encountering an increasing number of drivers who transport their motorcycles unlawfully, Captain V. J. Herz of the Patrol's San Diego Area office reported.

There are five times as many motorcycles on the road as there were 10 years ago, and many of them are carried on pick-up trucks, campers and passenger vehicles to sports or vacation sites.

"When a motorcycle is loaded on the front or rear of a truck or passenger car, it shouldn't interfere with the distribution of light from any of the vehicle's lamps, front or rear," the Patrol official said. "It's illegal, too, to obscure the driver's vision to the front or sides."

If the motorcycle is mounted on the front of the car or truck, it should project no more than three feet beyond the bumper, and no more than two feet forward of fenders, cab structure or radiator.

"The motorcycle may project as much as six inches beyond the fenders on the right side of a passenger car, but it's illegal for it to project at all on the left side," he said.

Mussels Quarantined Indefinitely

"The annual quarantine on mussels and clams, which usually ends Oct. 31, has been extended indefinitely this year by the State Department of Public Health and won't be lifted until these seafoods are safe to eat," announced Dr. Donald G. Ramras, Assistant Director of Public Health.

Dr. Ramras cautions fall fishermen that mussels, clams and even oysters along the California coastline are involved. He explained that a toxin is produced by small orange-brown organisms called Goniatulax cantella.

Shellfish feed on these organisms become toxic enough to kill anyone who might eat them. The toxin is extremely potent and highly resistant to heat and cold. Neither cooking nor freezing will destroy it. Surveillance this month has shown continuing high toxin levels.

Public health sanitarians have posted mussel quarantine signs on all county beaches, bays, and inlets where mussels grow. Under this quarantine, mussels may be used only for bait.

Although there have been no casualties in San Diego County, residents in other parts of California have broken this quarantine with serious results. A Humboldt County family ignored the quarantine signs and was poisoned by eating the infected mussels last month, but prompt medical attention saved their lives.

A week before that, 12 Livermore Valley residents were poisoned from a mussel stew they made on a picnic. This group had resorted to an old folk method to indicate the "safety" of eating the mussels by testing the stew with a silver coin. They learned of their mistake while receiving treatment in a nearby hospital a few hours later.

College Slates Film Tonight

Grossmont College has chosen Alain Resnais' "La Guerre Est Finie" as the next film in its fall Director Series. "La Guerre Est Finie" will be screened at 7 p.m., tonight in the Fine Arts Lecture Hall.

Starring Yves Montand, Ingrid Thulin, Genevieve Bujold and Dominique Rozan, Alain Resnais' powerful masterpiece work has many rewards. (Digo's (Yves Montand) travels across the Spanish border, under assumed names and passports, makes the film a "thriller" par excellence.

After being approved as the official French entry to the Cannes Film Festival, "La Guerre Est Finie" was withdrawn under pressure from the Spanish government.
